JJB ELECTRONICS warrants this product against defects in materials and workmanship for a period of one year from date of original retail purchase. If a defect exists, please contact us for return instructions.

** This warranty does not apply to damage caused by abuse or misuse. Any modifications to this product by the user will result in a void of manufacturers warranty.

j1 Preamp by JJB ELECTRONICS

Your new j1 preamp from JJB ELECTRONICS is a boutique quality booster that was designed from the ground up to be an exceptional compliment to our entire line of pickups. It provides up to 20db of non-distorted, clean signal gain. It was designed to introduce no coloration of tone to your signal chain. This unit offers both level and gain controls to help achieve better harmonics and a bigger overall tone.
